

Books

One book is required. Some possible ways to get it are listed below.

The assigned book is available from Lehman College Bookstore and from Amazon and other online retailers (try searching aggregators such as Bookfinder for the best deals). Make sure you do so enough in advance that you'll receive the books in time for the assignments.

Note: In addition to the book below, we will also be reading and discussing primary source readings. All of the readings are available here on the website and are linked to from the schedule page under the weeks they are assigned.
